### DISCREET LUXURY

Hong Kong-born designer Chi Wing Lo is a visionary creative who has brought a modern and understated touch to what is his first hotel project. Through his expertise in architecture, interior design, furniture and art curation, Lo has created a timeless aesthetic, blending artisan craftsmanship with a subtle yet sublime sensibility. He is known for his considered meticulous approach, balancing tactile natural materials including natural oak and granite crafted by the most skilled artisans. Lo's philosophy comes alive with a serene rhythm and an element of surprise through refined juxtapositions. By blending serenity and stimulation, Lo has curated serene and uncluttered spaces that contrast with stimulating framed views across Victoria Harbour. At the heart of the Regent experience and firmly rooted in Lo's scheme are also "Personal Havens," personalized spaces scattered around the hotel designed to inspire indulgent, intimate moments.
