Curated Meat Collection

In our global search to identify and source the finest meat and cuts, in order to offer you the best quality and full traceability, we have partnered with bespoke farms and breeders around the world. They are our eyes on the land – selecting the best animals in the respective cow herds with which they work – then choosing the top cuts and aging them to perfection.

Mazura / POLAND

Each year, 16,800 Polish heifers are butchered, but only 10% qualify for the Mazura brand, with just 3% achieving its exceptional divine marbling. Raised in the Masurian Lake District in northeastern Poland.

Rubia Gallega Blonda / SPAIN

Rubia Gallega is internationally acclaimed as one of the best beef in world. Raised on small, traditional family farms in Galicia, Spain, these red-blond cattle are fed a natural diet of forage and vegetables using ancestral methods. After low-stress local slaughter, carcasses are dry-aged for at least 50 days.

Mayura Farm / AUSTRALIA

Established on South Australia's Limestone Coast in 1845, Mayura Station first imported Full-Blood Wagyu cattle in 1997. It is now one of the world's most elite Full-blood Wagyu breeding operations and the epicentre of outstanding Wagyu genetics outside of Japan.

Kagoshima / JAPAN

Kagoshima is currently Japan's No. 1 prefecture for the production of "black cattle" Wagyu. Beef from "Kagoshima Kuroushi" has a melt-in-your mouth due to its marbled fat with a very low melting point known as unsaturated fatty acids.

Hanwoo / KOREA

Like Wagyu, the secret to the flavour of Hanwoo is the extent of the marbling or strands of fat that criss-cross the meat. This is achieved by a diet high in various grains and corn rather than grass, with added ingredients such as beer and, in some cases, fermented pine needle.
