Chi Wing Lo

Interior Design

Hong Kong design visionary Chi Wing Lo has reimagined The Lobby Lounge as a calming oasis that transforms throughout the day to showcase the many wonders of Victoria Harbour. A curved glass wall provides a screen of intimacy for what lies within – a discovery that is both majestic and intimate, with awe-inspiring harbourviews. With a creamy palette of beiges and taupe, large semi-circular sofas, intimate banquettes and chairs that swivel to maximise immersive harbourviews – all offering front-row seating for the magnificent show that is Victoria Harbour. Amidst the serene neutral palette, unique textures and patterns emerge; the ambiance illuminated by the people and conversation, each adding colour and warmth. The mood transitions from dazzling daylight to a warm glow on the harbour as a Day-to-Evening resets the stage. Candlelight flitters on tabletops, waves shimmer across the harbour, a mesmerising kaleidoscope of colours dances across the skyline. Each encounter a moment to savour and a new memory to create.
